NARRATIVE
This survey was performed at the request of Mr. Paul Reinhardt for the purpose of establishing the boundary lines of the parcels shown. The corners on the exterior of the section were found as shown and referenced on this and previous surveys. Several state highway right-of-way monuments were found and used to determine the location of the highway right-of-way lines. The East right-of-way line being the West line of the described parcel. The section was subdivided as shown to determine the position of the aliquot part lines. The descriptions found in the recorded deeds were then located in order to determine the North and East lines of the described KK&R STORAGE parcel. Aliquot part lines were then used as the South line of the parcel.

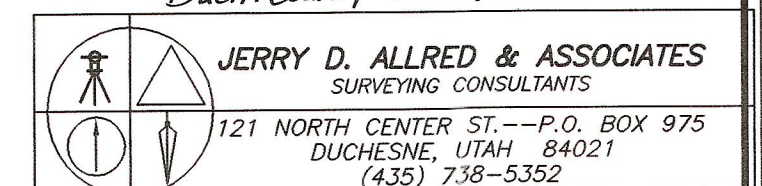

SURVEYOR'S CERTIFICATE
